[Small wing 1] Ch3, 3tc into centre, ch3, sl st

Please Note: All stitches are worked into the centre ring created by the chain 4 at the beginning.

Alternatively you can use a contrasting thread to wrap around the centre vertically to create the butterfly body, knot a few times to create a head and then leave a couple of centimetres for the antennae.

If you find your centre circle is quite large at the end with a fatter butterfly try tying your fasten off thread around the centre horizontally to bring it in a little.
